

## Robert Dennehy Appointed Vice President of Operations

### Dennehy's extensive product knowledge and global experience support company's growth strategy

**Lowell, MA, March 25, 2011** - M/A-COM Technology Solutions (M/A-COM Tech), a leading supplier of semiconductors, active and passive components and subassemblies for radio frequency (RF), microwave and millimeter wave applications, announced today that Robert Dennehy is appointed Vice President of Operations, reporting to Bob Donahue, Chief Operations Officer. Robert will oversee M/A-COM Tech's global manufacturing operations. He will also work with his team to establish long term goals and strategic planning for the company's global growth strategy. "Robert's proven leadership skills coupled with his experience with multiple product lines make him the ideal candidate for his new position," says Chuck Bland, Chief Executive Officer, "We are very pleased he has accepted this new and challenging role."

Robert has a long and successful track record with the company. He began as a test engineer in 1993 and most recently has been serving as Managing Director of the Infrastructure Group in Cork, Ireland. In talking about this next phase of his career, Robert says, "I am really looking forward to working with our global employee base and business partners as we continue to execute on our operations strategy and take this company to the next level of industry leadership. We have the people, products, and technology to be successful and I am very excited about being part of the team that will make it happen."

## ABOUT M/A-COM TECHNOLOGY SOLUTIONS INC.

M/A-COM Technology Solutions ([www.macomtech.com](http://www.macomtech.com)) is a leading supplier of high performance analog semiconductor solutions for use in radio frequency (RF), microwave, and millimeter-wave applications. Recognized for its broad portfolio of products, M/A-COM Tech serves diverse markets including CATV, wireless infrastructure, optical communications, aerospace and defense, automotive, industrial, medical, and mobile devices. M/A-COM Tech builds on 60 years of experience designing and manufacturing innovative product solutions for customers worldwide.

Headquartered in Lowell, Massachusetts, M/A-COM Tech is certified to the ISO9001 international quality standard and ISO14001 environmental management standard. M/A-COM Tech has design centers and sales offices throughout North America, Europe, Asia and Australia.
